

European Energy Journal

10

Volume 4 | Issue 1 | January 2014

The long road to coordinated offshore grid development | 13

Hannah Katharina Mueller identifies legal challenges and possible solutions for the clustering of wind farms to replace the current individual connections to the onshore grid

Designing and implementing third party access within private industrial networks in the electricity sector | 30

Belgium and France serve as a benchmark for **I. Gerkens** and **C. Musialski** in order to check the added value of closed distribution systems and the difficulties of their implementation

Focus on Turkey | 60

M. Hafner and S. Tagliapietra: Turkey as a regional natural gas hub: myth or reality?
Sohbet Karbuz: Turkey's energy future: a quantitative assessment

Gas in the Eastern Mediterranean | 71

"Great promises but no early answers," **John Roberts** concludes after looking at Israel, Cyprus, Lebanon and also Palestine, because of different time-scales and lack of consensus about export routes and systems

Law making	State of play and perspectives of the negotiations on pending and forthcoming legislative proposals	3
Case law	Commission appeals against ECJ judgment in case T-465/11 Globula ; ECJ judgment on restrictions to the free movement of capital in electricity and gas markets C-105 to 107/12 Essent	7
Book reviews	Armaroli, Balzani, Serpione , Powering Planet Earth, Energy Solutions for the Future; B. and R. Simkins , Energy Finance and Economics	11
Country reports	Germany : First year of new Offshore Liability Regime; Bulgaria : Renewable energy incites heavier regulation; Greece : Photovoltaic stations; Renewable Levy Fund; restructuring wholesale electricity market	77
On the scene	New Director-General for Energy	89
