

European Energy Journal

9

Volume 3 | Issue 4 | October 2013

Addressing the financial barriers to energy efficiency investment | 12

Joseph Curtin explores innovative financial instruments as an alternative to grant-aided support, but also denounces the lack of information and expertise on the demand side

An overview of the evolution of the European unbundling process in the electricity sector | 24

P. Bernard, M. Navarette Moreno and *A. Vanhay* compare three practical examples of the lengthy move from vertical integrated undertakings to a more or less unbundled transmission operator model

The geopolitics of energy in the eastern Mediterranean | 46

Constantine Levoyannis and *Mathieu Labrèche* analyze how the prospect of astonishing mineral wealth and the need for new transport corridors are shaping new alliances and stirring both current and dormant conflicts in Europe's South

The role of the Russian federation in a globalizing gas market | 53

L. Grigoryev, M. Hafner and *S. Tagliapietra* propose a review of Russia's strategy in the light of new dynamics in the European and worldwide gas markets following the American shale gas revolution and the rapid expansion of trade in liquefied natural gas

Law making	State of play and perspectives of the negotiations in the European institutions on pending and forthcoming legislative proposals	3
Case law	<i>Swiss Supreme Court</i> cautiously defines public competences without endorsing nuclear energy; ECJ denies retroactive effect of the Third Gas Directive	6
Book reviews	<i>Bram Delvaux</i> , EU Law and the Development of a Sustainable, Competitive and Secure Energy Policy; <i>Claudia Kemfert</i> , Kampf um Strom	10
Country reports	<i>Norway</i> : Common market with Sweden for electricity certificates; <i>Poland</i> : Liberalisation of the gas market; <i>Serbia</i> : Power purchase agreements and bankability of projects for renewable energy sources	66
On the scene	From German to European elections	77
